

Snowman Directions By MLJ

1. Click on shapes and choose a circle. Then that make the outer edge of the circle about 16 inches in diameter. Also make the outer edge circle dark blue. Then make the inside of that circle dark turquoise to fill the inside circle.
2. Make the middle circle the same colors as the bottom circle. The outer edge is about 12 inches in diameter.
3. Make the top circle the same colors as the other 2. The outer edge about 5 inches in diameter. After that go to stamps and choose the smiley face and make the smiley face orange. Make the smiley as big as the inside circle. Then the sides of the smiley faces smile and put 2 black dots on each side of the smiley face then put one dot on the top then on the bottom of both sides.
